Multiplying decimals....

I do

Dr Doblar would like to divide his 75.58 lottery winning among his 3 favorite people. How much will each one get?

We do

Over the summer, Dr Doblar hiked 32.45 miles in 12 hours. How many miles did he hike each hour?

**You do together
on whiteboard**

**At a football game, a dad
bought 8 sodas for \$22.75.
How much was each soda?**

**You do alone on
index card**

**The record for running 26
miles is 123.1 minutes.
How many minutes does
each mile take that runner?**
